

## DICE™

Approximately 15 percent shorter than its bigger brother, the Domino, the Dice is a compact, high-performance flipper folder optimized for everyday carry. Its full-flat-ground CTS® XHP blade offers exceptional cutting performance and both a Carson-inspired flipper and a fully functional Trademark Round Hole™ for a full scope of opening options. Its handle features a solid titanium scale on one side and a titanium liner and Cubic Check carbon fiber/G-10 laminate scale on the other. A robust Reeve Integral Lock (R.I.L.) with a long-wearing hardened steel interface provides the blade lock-up, and a four-position pocket clip—a unique feature for a flipper-style knife—offers ambidextrous tip-up or tip-down carry.

### C182 CFTIP

**NAME: DICE**  
 Closed: 4.05in 103mm  
 Overall: 6.55in 166mm  
 Blade: 2.50in 64mm  
 Edge: 2.25in 57mm  
 Steel: CTS® XHP  
 Weight: 3.7oz 105g  
 Grind: Full Flat  
 Origin: Taiwan

## PITS FOLDER™

The PITS (Pie in the Sky) Folder is a faithful expression of British knifemaker Mike Read's popular non-locking folder. Designed as a tough, hard-use folding knife that complies with strict British knife laws, it features a broad clip-point blade flat ground from N690Co steel. Its handle scales are precision machined from solid titanium and skeletonized to reduce weight and increase grip texture. They also feature integral split spring arms that power the knife's unique slipjoint mechanism. This mechanism, along with a prominent lower guard on the blade, prevents accidental closure during use. A reversible deep-pocket wire clip offers left or right-side tip-up carry and makes the PITS SLIPIT Folder completely ambidextrous.

### C192 TIP

**NAME: PITS FOLDER**  
 Closed: 4.19in 106mm  
 Overall: 7.16in 182mm  
 Blade: 2.97in 75mm  
 Edge: 2.70in 69mm  
 Steel: N690Co  
 Weight: 3.4oz 96g  
 Grind: Full Flat  
 Origin: Italy

## MANIX2™ LIGHTWEIGHT CPM® S110V

Lighten your load with the newest version of the Manix2 Lightweight. This incredible knife combines the high-strength Ball Bearing Lock™, lightweight injection-molded handle, and fully ambidextrous operation of the award-winning original with the extreme cutting performance and corrosion resistance of premium CPM® S110V blade steel. Thanks to its tough fiberglass-reinforced-nylon (FRN) injection-molded handle, this full-service folding knife weighs a mere 2.9 ounces, making it the ideal summer carry companion. Its reversible wire clip provides left or right-side tip-up carry for instant access.

### C101 PDBL2

**NAME: MANIX2 LTWT CPM S110V**  
 Closed: 4.66in 118mm  
 Overall: 8.03in 204mm  
 Blade: 3.37in 86mm  
 Edge: 2.88in 73mm  
 Steel: CPM® S110V  
 Weight: 2.9oz 82g  
 Grind: Full Flat  
 Origin: USA

## ROADIE™

In early 2013, the Transportation Security Administration announced a plan to once again allow knives on airplanes. Although the plan was later withdrawn, Spyderco was ready for it with a unique new non-locking design called the Roadie. In essence a highly evolved penknife, the Roadie's full-flat-ground sheepfoot-style blade features a new Double Dent™ for fingernail-free, easy two-handed opening. An improved notched-joint mechanism holds the blade open during use and is backed by a subtle index-finger choil to prevent accidental closure. Contoured fiberglass-reinforced nylon (FRN) scales and strategically placed jimping (grooves) on the choil and spine enable this knife to perform well beyond its size.

### C189 PBK

**NAME: ROADIE**  
 Closed: 2.97in 75mm  
 Overall: 5.07in 129mm  
 Blade: 2.10in 53mm  
 Edge: 1.72in 44mm  
 Steel: N690Co  
 Weight: 0.9oz 26g  
 Grind: Full Flat  
 Origin: Italy

## BRADLEY BOWIE™

Knifemaker and former BladeSports champion, Gayle Bradley, understands cutting performance. His hard-won insights are clearly reflected in the Bradley Bowie, a seriously versatile do-everything fixed blade precision ground from PSF27—an incredibly tough spray-formed tool steel with an ultra-fine, extremely homogenous grain structure. The full-flat-ground Bowie-style profile offers outstanding edge geometry and is complemented by an attractive straight swedge. Its contoured, polished G-10 handle scales are secured to the full tang with stout tubular rivets and support a prominent lower guard for excellent control and hand protection. For ease of carry, the Bradley Bowie comes complete with a custom-molded Boltaron® sheath with G-Clip attachment (not shown).

### FB33GP

**NAME: BRADLEY BOWIE**  
 Overall: 9.93in 252mm  
 Blade: 5.13in 130mm  
 Edge: 4.57in 116mm  
 Steel: PSF27  
 Weight: 7.7oz 218g  
 Grind: Full Flat  
 Origin: Taiwan  
 Sheath: Boltaron

## RUBICON™

Based on a custom design by knifemaker Peter Carey, the Rubicon is an exquisitely crafted Carson-flipper-style folder built for serious performance. Its broad CPM® S30V blade has a high hollow grind for superior edge geometry and a prominent swedge to ensure an acute point. It is paired with a handle that features skeletonized titanium liners, beautifully contoured carbon fiber scales, and a scalloped orange G-10 backspacer and pivot accent. Its blade pivots effortlessly on special ball bearing washers and, when open, the flipper offers a substantial lower guard. One of the most meticulously crafted production knives ever produced, the Rubicon is configured for right-side tip-up carry.

### C187 CFP

**NAME: RUBICON**  
 Closed: 4.34in 110mm  
 Overall: 7.37in 187mm  
 Blade: 3.03in 77mm  
 Edge: 2.79in 71mm  
 Steel: CPM® S30V  
 Weight: 4.2oz 119g  
 Grind: Hollow  
 Origin: Taiwan

## SCHEMPP BOWIE™

The latest installment in Spyderco's acclaimed Ethnic Series of knives, the Schempp Bowie translates the style and spirit of the classic American Bowie into a highly functional folder optimized for everyday carry. Its CPM S30V blade has an iconic clip-point profile and a full-flat grind for superior cutting performance. It tucks into a coffin-shaped handle that features skeletonized stainless steel liners, textured carbon fiber/G-10 laminate scales, a solid steel backspacer, and dovetailed old-school bolsters with an integral double guard. A stout LinerLock mechanism and a reversible deep-pocket wire clip complete this state-of-the-art expression of an American classic.

### C190 CFP

**NAME: SCHEMPP BOWIE**  
 Closed: 4.73in 120mm  
 Overall: 8.45in 215mm  
 Blade: 3.72in 94mm  
 Edge: 3.44in 87mm  
 Steel: CPM® S30V  
 Weight: 4.6oz 130g  
 Grind: Flat  
 Origin: Taiwan

## BURCH CHUBBY™

Inspired by one of knifemaker Michael Burch's most popular custom models, the Burch Chubby packs tremendous cutting performance into a very compact package. Its 2.30 inch CPM® S30V blade is an impressive 4.5mm (0.177 inch) thick and more than 1.5 inches wide at its widest point. Its high hollow grind and sweeping edge profile give it amazing edge geometry, and its matching hollow-ground swedge reduces weight and ensures an acute point. The stout titanium handle houses a Reeve Integral Lock (R.I.L.) mechanism and is accented by three circular carbon fiber inlays. A sturdy pocket clip offers convenient right-side, tip-up carry and doubles as an overtravel stop for the lock.

### C183 TIP

**NAME: BURCH CHUBBY**  
 Closed: 3.66in 93mm  
 Overall: 5.96in 151mm  
 Blade: 2.30in 58mm  
 Edge: 2.28in 58mm  
 Steel: CPM® S30V  
 Weight: 4.1oz 116g  
 Grind: Hollow  
 Origin: Taiwan

## MINI ROUND BEAD WITH LANYARD

Spyderco's beads and lanyards have become an incredibly popular way of accessorizing our knives. For fans of smaller knives we now offer a scaled-down version of our round bead with a lanyard woven from .05-inch nylon cord. The handsome 0.445-inch-diameter bead is cast in solid pewter and the narrower cord of its lanyard is perfectly sized for the lanyard holes of smaller knives.

### BEAD4LY

 Dimensions: 0.05in nylon cord  
 0.445 diameter bead  
 Origin: USA

## CUBIC BORON NITRIDE TRI-ANGLE SHARPMAKER™ RODS

Cubic Boron Nitride (CBN) is a superabrasive that is second in hardness only to diamond. It offers superior abrasion resistance and thermal conductivity compared to conventional abrasives like silicon carbide and aluminum oxide, making it the preferred abrasive in many advanced industrial grinding applications. Now you can combine the advantages of this fast-cutting abrasive with the convenience and ease of use of Spyderco's Tri-Angle Sharpmaker with these CBN-coated Sharpmaker™ rods (204CBN Rods sold as a pair, Sharpmaker sold separately).

### 204 CBN

**NAME: CUBIC BORON NITRIDE TRI-ANGLE SHARPMAKER RODS**  
 Dimensions: 7in X 0.5in (178mm X 13mm)  
 Origin: China

## DOG TAG FOLDER™

Size does matter, and sometimes smaller is better. That's definitely the case with the Dog Tag Folder. Based on one of knifemaker Serge Panchenko's most popular designs, this diminutive non-locking folder ensures that you're never without a sharp edge. Its titanium handle looks exactly like a military dog tag and houses an integral spring with a ball-bearing detent. It is linked to the chisel-ground CPM® S30V sheepfoot blade by an elegantly simple pivot system and highlighted by a color-anodized titanium backspacer and pivot plate. It's the ultimate carry-anywhere cutting tool.

### C188 ALTIP

**NAME: DOG TAG FOLDER**  
 Closed: 2.00in 51mm  
 Overall: 3.22in 82mm  
 Blade: 1.22in 31mm  
 Edge: 1.14in 29mm  
 Steel: CPM® S30V  
 Weight: 1.0oz 28g  
 Grind: Flat Chisel  
 Origin: Taiwan
